History: CR 17-005: cr. Register May 2018 No. 749, eff. 6-1-18.

DHS 38.04 Administering and evaluating a controlled substance abuse screening questionnaire to determine possible substance abuse. (1) WHO MUST COMPLETE A SCREENING QUESTIONNAIRE. At the time of application and at annual redetermination, an administering agency shall administer to any individual, as defined in s. DHS 38.02 (8), a controlled substance abuse screening questionnaire approved by the department, which may include questions related to controlled substance abuse as well as related criminal background. An administering agency shall determine whether answers to the controlled substance abuse-screening questionnaire indicate possible use of a controlled substance without a valid prescription by the individual.

(2) APPLICATION REQUIREMENTS. (a) An individual shall answer all questions on the screening questionnaire, sign and date the questionnaire, and submit the questionnaire to the administering agency.

(b) If answers to the questionnaire indicate the prescribed use of controlled substance by an individual, in addition to the requirements stated in par. (a), the individual shall provide a valid prescription to the administering agency.

(3) EFFECT OF FAILING TO COMPLETE SCREENING QUESTIONNAIRE. An individual who fails to comply with the application requirements stated in sub. (2) is not eligible to participate in the employment and training program, and the administering agency shall not refer the individual to participate in the program. An individual denied eligibility for participation in an employment and training program for failure to complete a screening questionnaire may complete a screening questionnaire at any time while FoodShare eligible.

(4) EFFECT OF SUCCESSFULLY PASSING THE SCREENING QUESTIONNAIRE. An individual whose answers to the screening questionnaire do not indicate possible substance abuse of a controlled substance has satisfied the requirements of this chapter and may participate in an employment and training program, subject to this chapter.

History: CR 17-005: cr. Register May 2018 No. 749, eff. 6-1-18 correction in (1), (3) under s. 35.17, Stats., Register May 2018 No. 749, eff. 6-1-18.

DHS 38.05 Requiring a test for the use of a controlled substance. (1) WHO MAY BE REQUIRED TO UNDERGO DRUG TESTING. An individual whose answers on the screening questionnaire indicate possible use of a controlled substance without a prescription order shall be required to undergo a test for the use of a controlled substance.

(2) NATURE OF TESTING REQUIRED. Testing shall consist of laboratory analysis of a specimen collected from an individual, by a qualified drug testing vendor or provider approved by the department, in a manner specified by the department that is consistent with guidelines from the U.S. department of health and human services. A qualified drug testing vendor shall analyze the specimen for the presence of controlled substances specified by the department.

(3) CONTRACT FOR TESTING SERVICES. Subject to the department's approval, the administering agency may contract with a qualified trauma-informed drug testing vendor to collect a specimen, carry out laboratory analysis of the specimen, store the specimen for confirmatory testing if required, complete confirmatory testing, provide review by a medical review officer, and document and report test results to the administering agency. The department may require the use of a specific testing service procured through state contracting if the department determines that volume discounts or other preferential pricing terms can be achieved through a statewide contract.

(4) REFUSAL TO SUBMIT TO A TEST. The following shall constitute a refusal to submit to a test by an individual:

(a) Failure or refusal to appear for a scheduled drug test without good cause.

(b) Failure or refusal to complete a form or release of information required for testing, including those required by the drug-testing vendor that permit the drug-testing vendor to report test results to the department or administering agency.

(c) Failure or refusal to provide a valid specimen for testing.

(d) Failure or refusal to provide verification of identity to the testing vendor.

(5) EFFECT OF REFUSAL TO SUBMIT TO A TEST. An individual who refuses to submit to a drug test, as provided in sub. (4), shall be ineligible to participate in the employment and training program until the individual agrees to be tested under sub. (2) for the use of a controlled substance, and test results have been reported. The administering agency may direct an individual who has refused to submit to a test and subsequently agrees to submit to a test to undergo drug testing on a random basis at any time within 10 business days after the individual agrees to submit to a test. The individual may not participate in an employment and training program until the individual undergoes a test for the use of a controlled substance and test results have been reported to the administering agency.

(6) REQUIREMENT FOR A CONFIRMATION TEST. If an individual tests positive for the use of a controlled substance, the drug testing vendor shall perform a confirmation test using the same specimen obtained for the initial positive drug test. All test results that are non-negative shall be interpreted by a drug testing vendor's medical review officer who shall be responsible for determining the presence of a controlled substance, as provided in sub. (2).

(7) ACCEPTING TEST RESULTS FROM ANOTHER PROGRAM. Results of a drug test performed by administering agency for the purpose of FoodShare eligibility or another state program, including a work experience program under ss. 49.162, 49.36, or 108.133, Stats., an income and maintenance program under s. 49.45 (23) (g), Stats., or a drug test carried out by the Wisconsin department of corrections, or other drug testing providers as approved by the department can be used by an administering agency to determine whether to refer an individual to treatment if the prior test results are provided directly to the administering agency, all the controlled substances required by the department to be tested under this chapter are included in the prior test results, and the test occurred within the previous 90 days.

(8) EFFECT OF A NEGATIVE TEST. An individual who undergoes a test for the use of a controlled substance under s. DHS 38.05 and tests negative for use of a controlled substance, or tests positive for use of a controlled substance but upon request provides to the administering agency a prescription for each controlled substance for which the individual tested positive, may participate in an employment and training program.

(9) EFFECT OF A POSITIVE TEST. An individual whose test results are positive for a controlled substance and who fails to provide a valid prescription for the controlled substance shall be required to participate in treatment under s. DHS 38.06.

(10) **EXCEPTION OF TESTING REQUIREMENTS.** Individuals may forego initial drug testing requirements under this chapter if they indicate in their drug screening questionnaire that they are ready to enter treatment.

History: CR 17-005: cr. Register May 2018 No. 749, eff. 6-1-18.

DHS 38.06 Requiring participation in treatment.

(1) **WHO MAY BE REQUIRED TO PARTICIPATE IN CONTROLLED SUBSTANCE ABUSE TREATMENT.** Every individual who undergoes a test under s. DHS 38.05 and tests positive for the use of a controlled substance without presenting a valid prescription, and as determined by the medical review officer for the drug testing vendor, shall be required to participate in trauma-informed controlled substance abuse treatment to remain eligible to participate in an employment and training program.

(2) **REFERRAL FOR TREATMENT.** The administering agency shall provide information to every individual required to participate in substance abuse treatment about treatment program providers and county-specific assessment and enrollment activities required for entry into treatment. The administering agency shall monitor the individual's progress in entering and completing treatment and the results of a random testing for the use of a controlled substance carried out during and at the conclusion of treatment.

(3) **SUBSTANCE ABUSE EVALUATION AND ASSESSMENT.** A treatment provider will conduct a trauma-informed substance abuse evaluation and assessment and take any of the following actions based on the evaluation and assessment:

(a) If a treatment provider determines an individual does not need substance abuse treatment, the provider shall notify the administering agency of its determination.

(b) If a treatment provider determines an individual is in need of substance abuse treatment, the provider shall refer the individual to an appropriate treatment program to begin treatment and shall notify the administering agency of the referral and the expected begin date and duration of treatment.

(c) If a treatment provider determines an individual is in need of treatment but is unable to refer the individual because there is a waiting list for enrollment in appropriate treatment programs, the provider shall notify the administering agency when the individual is expected to be enrolled.

(4) **ELIGIBILITY OF INDIVIDUAL TO PARTICIPATE IN AN EMPLOYMENT AND TRAINING PROGRAM WHEN TREATMENT IS NOT NEEDED OR THE INDIVIDUAL IS PLACED ON A WAITING LIST.** (a) An individual who has been determined by a treatment program after assessment not to need treatment will have satisfied the requirements of this chapter and may participate in an employment and training program.

(b) An individual who is on a waiting list for enrollment in an appropriate treatment program shall continue to take all necessary steps to continue seeking enrollment in an appropriate treatment program. The individual is eligible to participate in an employment and training program during the waiting list period, provided the individual is not eligible for immediate enrollment in another appropriate treatment program.

(5) **SATISFYING THE REQUIREMENT TO PARTICIPATE IN TREATMENT THROUGH PARTICIPATION IN ANOTHER PROGRAM.** An administering agency shall accept current participation in any treatment program to satisfy the requirements of this section. The individual participating in another program shall execute a release of information to allow the administering agency to obtain verification of successful participation in that treatment program.

(6) **REFUSAL TO PARTICIPATE IN TREATMENT.** An individual refuses to participate in treatment if he or she does any of the following:

(a) Fails or refuses to complete a form or releases required for treatment program administration, including those required by the

treatment provider in order to share information with the administering agency about the individual's participation in treatment.

(b) Fails or refuses to participate in a controlled substance test required by the treatment provider or the administering agency during the course of required treatment, including random controlled substance testing directed by the treatment provider or administering agency.

(c) Fails or refuses to meet attendance or participation requirements established by the treatment provider.

(d) Fails or refuses to complete a substance abuse assessment.

(7) **EFFECT OF REFUSAL TO PARTICIPATE IN TREATMENT.** Refusal to participate in a substance abuse treatment program will lead to ineligibility to participate in the employment and training program; however, an individual subject to this section may reapply for enrollment at any time if the individual agrees to participate in treatment and remains eligible for FoodShare benefits.

(8) **COMPLETION OF REQUIRED TREATMENT.** Individuals subject to this section will be considered to be successfully completing treatment if all components of the treatment program identified under the evaluation assessment as described in s. DHS 38.06 (3) are met.

(9) **PARTICIPATION IN EMPLOYMENT AND TRAINING PROGRAM WORK REQUIREMENTS WHILE IN TREATMENT.** An individual who is participating in an employment and training program shall be exempt from compliance with the work requirements under s. 49.79 (9), Stats., while participating in treatment.

- 1 AN ACT ...; relating to: incorporating in statutes the rule regarding drug testing
- 2 for participants in the FoodShare employment and training program.

Analysis by the Legislative Reference Bureau

This bill incorporates the provisions of chapter DHS 38 of the Wisconsin Administrative Code into the statutes. 2015 Wisconsin Act 55, the biennial budget act for the 2015-16 legislative session, required the Department of Health Services to promulgate rules to develop and implement a screening, testing, and treatment policy and then to screen and test for illegal use of a controlled substance and treat for substance abuse able-bodied adults who seek to participate in the FoodShare program's employment and training program known as FSET. DHS promulgated chapter DHS 38, Wisconsin Administrative Code, regarding substance abuse screening, testing, and treatment for certain department employment and training programs. The bill incorporates the specifications and requirements of that DHS rule into the statutes. In summary, the provisions of the rule and the bill require an agency that is administering FSET to require able-bodied adults who are subject to a work requirement to participate in FoodShare and who seek to participate in FSET to fulfill that work requirement to undergo screening for use of a controlled substance without a prescription, testing for use of a controlled substance in certain circumstances, and treatment, if applicable, for use of the controlled substance in order to be eligible to participate in FSET.

PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION

- 1 **AN ACT** *to repeal* 49.79 (9) (d) 1.; *to renumber and amend* 49.79 (9) (d) 2.; and
2 *to create* 49.791 of the statutes; **relating to:** incorporating in statutes the rule
3 regarding drug testing for participants in the FoodShare employment and
4 training program.

Analysis by the Legislative Reference Bureau

This bill incorporates the provisions of chapter DHS 38 of the Wisconsin Administrative Code into the statutes. 2015 Wisconsin Act 55, the biennial budget act for the 2015-16 legislative session, required the Department of Health Services to promulgate rules to develop and implement a screening, testing, and treatment policy and then to screen and test for illegal use of a controlled substance and treat for substance abuse able-bodied adults who seek to participate in the FoodShare program's employment and training program known as FSET. DHS promulgated chapter DHS 38, Wis. Adm. Code, regarding substance abuse screening, testing, and treatment for certain department employment and training programs. The bill incorporates the specifications and requirements of that DHS rule into the statutes. In summary, the provisions of the rule and the bill require an agency that is administering FSET to require able-bodied adults who are subject to a work requirement to participate in FoodShare and who seek to participate in FSET to fulfill that work requirement to undergo screening for use of a controlled substance without a prescription, testing for use of a controlled substance in certain

and requires implementation of the screening, testing, and treatment by October 1, 2019

circumstances, and treatment, if applicable, for use of the controlled substance in order to be eligible to participate in FSET.

State of Wisconsin
2017 - 2018 LEGISLATURE

PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION

1 **AN ACT** *to repeal* 49.79 (9) (d) 1.; *to renumber and amend* 49.79 (9) (d) 2.; and
2 *to create* 49.791 of the statutes; **relating to:** incorporating in statutes the rule
3 regarding drug testing for participants in the FoodShare employment and
4 training program.

Analysis by the Legislative Reference Bureau

This bill incorporates the provisions of chapter DHS 38 of the Wisconsin Administrative Code into the statutes. 2015 Wisconsin Act 55, the biennial budget act for the 2015-16 legislative session, required the Department of Health Services to promulgate rules to develop and implement a screening, testing, and treatment policy and then to screen and test for illegal use of a controlled substance and treat for substance abuse able-bodied adults who seek to participate in the FoodShare program's employment and training program known as FSET. DHS promulgated chapter DHS 38, Wis. Adm. Code, regarding substance abuse screening, testing, and treatment for certain department employment and training programs. The bill incorporates the specifications and requirements of that DHS rule into the statutes and requires implementation of the screening, testing, and treatment by October 1, 2019. In summary, the provisions of the rule and the bill require an agency that is administering FSET to require able-bodied adults who are subject to a work requirement to participate in FoodShare and who seek to participate in FSET to fulfill that work requirement to undergo screening for use of a controlled substance without a prescription, testing for use of a controlled substance in certain

circumstances, and treatment, if applicable, for use of the controlled substance in order to be eligible to participate in FSET.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 49.79 (9) (d) 1. of the statutes is repealed.

2 **SECTION 2.** 49.79 (9) (d) 2. of the statutes is renumbered 49.79 (9) (d) and

6 employment and training program under this subsection who are able-bodied adults
7 for illegal use of a controlled substance without a valid prescription for the controlled
